

# Calvados Christian Drouin

## *Long Pond Angels*

### Presentation

Long Pond Angels is a 14-year-old Calvados Pays d'Auge, aged for 7 months in old French oak barrels that previously contained the exceptional Jamaica Long Pond ITP 1995 rum.

Bottled at 45% vol, particularly rich, the nose is suave and mixes notes of brown sugar, melon, papaya and apple. The palate, with good acidity, offers vanilla and peppery notes and a long finish on banana and apple.

"After Hampden Angels, we wanted to work with the other great distillery in Jamaica. This collaboration with Plantation Long Pond, was the opportunity to explore, once again, the surprising and magical alliance of the exotic rum aromas with those of our Calvados." Guillaume Drouin
