

Calvados Christian Drouin

🦁 Mars Angels 🦁

Presentation

Mars Angels is made of a 13 years old Pays d'Auge calvados which was finished during 8 months in 3 former casks from the very exclusive Mars Distillery in Japan.

The three casks were previously used for aging Mars single Malt Komagatake.

The 3 casks being made of american oak, this Pays d'Auge calvados was re-qualified as an Eau de Vie de Cidre to conform with the Pays d'Auge appellation rules.

The Eau de vie was bottled at 43%vol. The nose offers a great balance between fresh apples and barley, hints a pear and peach. Mars Angels is a very delicate spirit, with an elegant mouth.

A subtle marriage between Normandy and Japan.

#Only 930 bottles produced
